Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.
A "++" following a place name indicates that the place is also a false MCD;
in this case, the place name is not plotted.

¹ In 1990, the census vessel population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 map, indicating a census tract containing a ship.
